Hosted by Burpengary Pony Club Inc.

Pony Club Queensland 2021 State Dressage, Combined Training and Horse Trials

Proudly hosted by Burpengary Pony Club

Take 2!!

It was devastating to the organising committee to have cancel our original 2021 State Championship event in July and was not a decision we took lightly.

It does however give us great pleasure however to now be able to invite you to attend our State Event 2.0. Splitting the program over two weekends was the only solution to enable us to run the event in 2021, as the next school holiday break is already full with two State Championships and Nationals.

On behalf of Burpengary Pony Club we extend an invitation to all competitors, families and friends to join us at Burpengary Equestrian Centre in August for the 2021 State Horse Trials Championships and in September for the 2021 State Dressage and Combined Training Championships.

Being located just on the northern side of Brisbane and only 10 minutes off the Bruce Highway makes the location very accessible. The team at Burpengary Pony Club always go above and beyond and will, as always, have the facilities at their best for the championships.

Burpengary Equestrian Centre is an outstanding facility with suitable surfaces for each phase of the championships. A well maintained cross country course, located within the same venue, gives us the benefit of being able to hold the entire event in the one location.

These events would not be possible without the amazing support of our sponsors. We thank you all in advance for your valued support and ask our competitors to also pass on their thanks to our sponsors and let them know that their support is appreciated.

We look forward to offering a warm welcome to everyone and trust you have safe travels to join us at what we expect to be a great Championships with a friendly atmosphere.

Sincerely,

Barry Dossetto (Chairman) and Annette Howarth (Organising Secretary) Burpengary Pony Club

6. ZONE TEAM MANAGER

Each Zone will appoint a Team Manager. His/her duties shall be:

- Responsible for all team members whilst at the event.

- Ensure that all competitors are mounted and present at Presentation

7. PRESENTATION

For presentation of awards at the conclusion of a state fixture, it is the Team Manager's responsibility to assemble all competitors, mounted and in full uniform, ribbon winners or not for the final parade. An unmounted assembly may be organised at the discretion of the Committee in extenuating circumstances.

Request for special permission to leave must be made in writing by the Zone Team Manager and may be granted by the Judge in Chief and the Chief Steward in exceptional circumstances. Presentation of ribbons for competition completed on Day 1 may take place at the conclusion of Day 1 at the discretion of the Committee, the Judge in Chief and the Chief Steward.

8. EXERCISE

Competitors may only exercise their horses in the areas provided. Horses may be schooled or exercised only by the nominated rider on the day of the competition. Horses may be lunged by the nominated rider, a parent or club instructor, only in the round yard.

Riders disregarding this rule could incur disqualification from the event. Competitors must not ride on or near any part of the official courses prior to the competition. Horses must be correctly saddled and the competitor must wear a helmet, riding boots and competition number whilst exercising their horse. Helmets to be Equestrian Helmets rated at PCQ standards as stands A/NZ 3838, A/NZ ARB HS 2012, EN 1384 (made up to and including 2015) BS PAS 015 (1998 or 2011) VG01.040 (2014-12) or ASTM F1163 or better.

9. CLASSES

If numbers in any class are insufficient, classes may be combined. Groups of over 30 riders but less than 40 riders may be divided into two groups but will be divided if numbers exceed 40. If there are less than 3 riders in any group, the riders do not form part of a team (Zone or State).

10. SCORING Dressage

10 points to 1 point are descending to 10th place. The overall placings are determined by these points. In the event of a tie for overall placings, the actual marks for the number of tests involved will be averaged and the rider with the highest average score will be champion. If still equal, the rider with the highest score in the highest test will be the winner.

Combined Training On each Judge's sheet the good marks awarded for each movement together with the collective marks are added deducting any penalties for errors of course or test. For each Judge, the percentage of maximum possible good marks by the maximum possible good marks obtainable, and then multiplying by 100 and rounding the result to two decimal digits (any score of "x.xx5" and above is rounded up and any score less than "x.xx5" is rounded down. This value is shown as the individual percentage for that Judge. This percentage is then converted to penalty point. This is subtracted from 100 and multiplied by 1.0 with the resulting figure being rounded to ONE decimal digit. The result is the score in penalty points for the dressage test).

Any penalties incurred in the jumping phase are added to the penalty points for the dressage test. If the final score gives equality of marks to two or more competitors, the classification is decided by the best (lowest) dressage score. If there is still equality, the closest to optimum time (under the time set) in the jumping test determines the result.

Horse Trials

Groups are scored 10 to 1 descending from 1st to 10th place to determine team results and for team scoring riders completing the 3 phases but not in the top ten receive 1 point. The competition is on a penalty basis and the winner of the competition will have the lowest total penalty points.

In the case of a tie, the winner will be the competitor with the best cross-country score. If there is still a tie, the winner will be one whose cross-country time was the closest to the optimum time. If still equal, the dressage mark will decide who is placed higher. This principle applies to tied place getters and teams.

11. TEAMS

A Team is selected from the four best scorers all belonging to one club or zone with the three best scores to count. A team of three is acceptable and may beat a team of 4. Where a club has more than 4 riders, the first team will be the four highest scorers and the second team will commence with the fifth highest scorer. Scores are taken from points awarded for overall placings in Groups/Grades.

There must be at least 3 competitors in a class for teams points to be awarded. If there is less than 3 riders in a class then only the first placed competitor will receive teams points. This shall apply only to straight dressage. Eg- Only 2 elementary riders, therefore only 1st overall gets team points.

Please refer to the current PCQ scoring handbook – State Events – Zone and State Teams for all details

All competitors, spectators and volunteers must abide by the COVID-19 rules and regulations applying at the time of the event (noting that this could change between the time of distributing this program and the commencement of the event).

All persons entering the grounds will be required to check in either by way of app or by presenting at the office and providing their details. Arm Bands will be issued on presenting evidence of check in and anyone without the appropriate arm band will be asked to leave the grounds.
