Scone Horse Trials is a bi-annual non-for profit event run by a voluntary committee. Scone Horse Trials has grown into a nationally recognised event and is one of the most anticipated on the eventing calendar, attracting riders of all levels from beginners to our home-grown Olympians. The committee thanks everyone involved and wishes all horses and riders a safe and successful event.

The Hunter Valley is the recognised horse capital of Australia. It is one of the largest thoroughbred breeding region in the world second only to the State of Kentucky in the USA.

Hunter Thoroughbred Breeders Association is an organisation devoted to fostering and promoting the thoroughbred breeding industry in the Hunter Valley area of New South Wales. The HTBA represents stallion farms, broodmare farms, the largest equine hospital in the Southern Hemisphere and a sophisticated network of equine support industries all of whom are dependent on Australia's premier breeding industry.

The HTBA believes in the value of the thoroughbred for disciplines beyond racing. The HTBA and members are proud to be the major sponsors of the Scone Horse Trials.

Established in 2011, the NSW Thoroughbred Rehabilitation Trust assists in the safe rehabilitation and the rehoming of former NSW thoroughbred racehorses at the conclusion of their racing career by raising industry funding, sponsorship and donations from the broader community.

NSWTR Manager Scott Brodie is anticipated to be competing on several of these rehabilitated thoroughbreds at Scone Horse Trials.
