- 4) Complete Gallop Phase by completing one circuit of the arena showing horses galloping ability.

The top 6 highest scoring combinations in each class (as well as the top 3 Off the Track Horses if not in the top 6 open horses) are invited back into the arena unmounted at the conclusion of the class for judging of the conformation mark and presentations.

Method of Scoring (Total 100 Marks):

Flatwork Movement and Type (20 Marks)	Three correct, elastic and regular gaits through a swinging back are the qualities that judges will be seeking. All trot work to be optional sitting or rising.
Rideability and way of going (20 Marks)	Acceptance of the bridle, acceptance of the rider and consistency. Young horses will not be marked down for displaying a little exuberance nor will marks be taken away for rider inaccuracy. It is the horses and not the rider's potential that is being judged.
Jumping Scope/Technique (20 Marks)	A bold athletic horse with good technique is what the judges are seeking. A horse with these qualities will not be penalised for knocking down a fence providing he/she learns from the mistake.
General Impression (20 Marks)	A horse showing a committed attitude with focus on the task at hand and a positive outlook.
Conformation (20 Marks)	The horse's conformation and movement should enable them to withstand the demands of the sport in terms of soundness, speed and stamina **Top 6 combinations in each class**

In the event of an equality of scores, placings will be determined on a count back. The count back will occur as follows until a winner is determined:

1. General Impression
2. Rideability and way of going
3. Jumping Scope/Technique
4. Flatwork Movement and type
5. Conformation

In the event that places are still not determined following the above count back method, equal placings will be awarded.
