- Film from C, the judge's position and viewpoint. The rider enters the arena at the far end at A, riding towards the camera. The judge must be able to see the letters, so it may be necessary to move the letters or display temporary ones. If cannot enter a gate at A may commence the test by riding down a sideline and turning onto A.
- Hold the smartphone in landscape position if using this device to film
- Zooming - you must include some zoom when the rider is at the A end of the arena
- Due to this being an online 'virtual' event, modifications have been made to assist with online judging. Unlike regular competitive days at a ground event, there may be unforeseen or exceptional circumstances, and VK Equestrian will make decisions in the sporting spirit in which this equestrian activity is run. It is advisable to check these rules regularly and email VK Equestrian at VKNominate@outlook.com if you have any questions regarding these rules or conditions.
- **You may not enter videos of tests that have been judged at another competition.** Any videos showing indication of having been filmed during another competition will not be accepted and nominations will not be refunded. The person filming should briefly announce the rider and horse's name and the date of filming at the start of the video.
- Videos can be uploaded directly to VKNominate@outlook.com or YouTube and link emailed to VKNominate@outlook.com. Uploads and emails must be received by date and time noted in Program. Emails must indicate the Class number of the test being entered.
- **Judges'** decisions are final. The judges are trained professionals, and no communication or discussion will be entered into by VK Equestrian or the judge involved. Any objection or appeal regarding a score must be made in writing within 24 hours of the test being judged.
- Any video footage, photographs, or printed material must adhere to **Copyright** laws. VK Equestrian will not be liable for any costs incurred for participants' or third parties' infringement of copyright laws. If you want to know more about the requirements of dressage, please view information found on websites discussing dressage. You can email VKNominate@outlook.com if you require assistance in locating information. The concept of dressage has existed for 100's of years and entered the sporting arena in the 19th century. There are many places to source further information regarding this activity.
- **Sound** must be recorded to ensure competitors are not receiving coaching during their test, but test movements may be called (twice for the one movement if necessary).
- **Video quality:** If the quality of a video is considered too poor to be judged, the competitor will be given the opportunity to submit a further video without charge.

- **Prizes and rosettes** will be sent to prize winners by post following the completion of judging and the publication of results (Final results will be advised two weeks after final video submissions). Once all videos are received for each section, judging will commence. Cash Prizes will be directly deposited into Australian-based account numbers provided by winners (OSKO payments through mobile numbers or email addresses attached to accounts can also be used. This will be discussed with winners). Or, if an Australian bank account is not held, funds will be transferred through PayPal (any fees deducted from winnings – please check PayPal accessibility and fees for non-Australian bank account holders).
 - 1st Round of Prizes – Place Ribbons for each Class – 1st, 2nd, 3rd, 4th, & 5th. (Guaranteed)
 - 2nd Round of Prizes – Rosettes for the Winner of the Highest Average Percentage of each Level of Test in Each Section. Average of rider/horse combination for Walk/Trot, Preliminary, Novice, and Elementary tests in a Section. Each Level of Tests per Section winner will also receive a cash prize of \$5 per test for those classes, not all classes entered.
 - 3rd Round of Prizes – Overall highest average score for the Section. (e.g. Section Adolescence, if the rider enters 2 Preliminary tests and 2 Novice tests, their highest average is calculated from all four tests – add 4 percentages together and divide by 4) All tests entered in a Section for a horse/rider combination go into this calculation, whether it is 1, 2, 3, 4, or more tests. The section prize is a Flashier Rosette with Prize Money being 10% of Nomination fees received for that section. Sections and classes may be divided if larger-than-expected numbers are received in the interest of Fair Play.
 - Prize money and place ribbons guaranteed. Rosettes and other prizes may be altered if fewer than 10 riders are in each class level per section.
- VK Equestrian reserves the right to alter classes and sections and stated prizes to similar alternatives where necessary in the interest of fair play and providing as level a playing field as possible for all competitors. VK Equestrian wishes to promote the sport of dressage, allowing riders to receive feedback from judges and prizes while reducing the costs associated with competing.
