Relay is not included in championships awards

Age groups will be determined after entries closed

Notes:

ARTICLE 229 ACCUMULATOR COMPETITION

This Competition takes place over six, eight, or ten obstacles with an increasing difficulty. Combination obstacles are not permitted. The increasing difficulty is not solely due to the height and spread of the obstacles, but also to the difficulty of the track.

RELAY COMPETITIONS (FEI Article 268)

1. GENERAL

1.1 These competitions are for teams of two or three competitors. The team members enter the arena together.

1.2 The course shown on the plan must be completed consecutively according to the number of team members.

1.3 The competitor going through the starting line must jump the first obstacle and the competitor jumping the last obstacle must also cross the finishing line in order to stop the clock. If a competitor crosses the finishing line after another competitor has jumped the penultimate obstacle, the team is eliminated.

1.4 The time of the round is taken from the moment when the first competitor crosses the starting line until the last member of the team passes the finishing line.

1.5 The time allowed is based on the speed for the competition and the length of the course multiplied by the number of team members.

1.6 If, during the round, disobediences with knockdown are committed, the time corrections must be added to the time taken to complete the round (232).

1.7 The elimination of a team member incurs the elimination of the whole team.

1.8 The fourth disobedience by the team or the first fall by a competitor eliminates the whole team.

1.9 The team is eliminated if, in changing over, the competitor takes off to jump an obstacle before the forefeet of the horse of his team member have reached the ground.

RELAY COMPETITIONS ARE RUN AS FOLLOWS:

2. NORMAL RELAYS

2.1 In these competitions the first competitor jumps his round and having taken the last obstacle the next competitor starts his round and so on.

2.2 As soon as the horse's forefeet of his team member jumping the last obstacle have reached the ground, the next competitor may jump his first obstacle.

2.3 These competitions are run under Table C.
