

2024 Pony Club NSW State Combined Training and One Day Event Championships.

The showground will be open Thursday 15th August. Please keep the gate onto the highway closed.

There will be a Team Managers meeting at 8:30am on Friday 16th August at the Hut.

Please refer to the Pony Club Australia National Gear Rules, [here](#), in conjunction with any exceptions in the schedule. Whips may not be carried in the dressage phase of One Day Event or Combined Training and bitless bridles are not permitted. [State CT-ODE Schedule](#)

All horses MUST have a microchip and they will be scanned at their dressage gear check – if you have not provided this to your Zone/NSW office please do ASAP.

Coonabarbran Pony Club will be running a canteen.

There are 180 large, covered stalls at the showground so there is plenty of room and other than a few pre-booked stable they are on a “first come basis”. The stalls near the Rodeo arena have been booked and one request for a corner stall from Z25 has been received.

If a zone would like stabling together for their participants, please contact Sue McGoldrick on 0427 428 206

There are showers and toilets on each side of the showground and at the XC warm up area. There are plenty of power outlets for camping. Campers with own yards can camp below the Jack Beer Pavilion or on the highway side of the Showground.

- Maps and results will be posted to: <https://www.nominate.com.au/equest/nsw/>
- Back numbers will be emailed Wednesday for you to print. Handwritten back numbers cannot be used.
- All horses when not in the stables/yards must always have a bridle number (attached to either the bridle or head stall) or saddle cloth number (if saddled) on the near side.

Please be careful when looking at the draw, as bridle/back numbers are sorted in XC order, and the same number has been allocated to the Combined Training, so ensure you know the Dressage order and remember the number you follow!

The Coonabarbran Pony Club is looking forward to hosting the 2024 Pony Club NSW State Combined Training and One Day Event Championships. There have been upgrades to the cross-country course and improved power outlets for camping and hot water for the showers.
