## CONDITIONS OF ENTRY

For all purposes the duration of the event will be considered from 12 Noon MONDAY 1<sup>st</sup> October to 7pm on Friday 5<sup>th</sup> October 2018. Opening Ceremony Monday 1<sup>st</sup> October 2018 and competition from Tuesday 2<sup>nd</sup> October to Friday 5<sup>th</sup> October 2018

## CONDUCT

All Chefs D'Equipe's, competitors, horse owners, employees/grooms, representatives and accompaniments are obliged, from the moment of arrival on the grounds, to acknowledge and keep within the "Code of Conduct" and Horse Welfare guidelines. Violation of this code will be dealt with by the respective Ground Jury or Appeal Committee, in accordance with the Rules and Regulations of the EA.

## CODE OF CONDUCT

As per the Equestrian Australia 2018 National Interschool Rules, and Member Protection Policy it is expected that athletes and their support teams will adhere to the rules of the competitions in which they participate and that they will show respect for other competitors, their horses, officials, judges and administrators in their actions and their words.

There are formal mechanisms for requesting clarity of committee decisions and for disputing results. Whilst each discipline has rules and regulations specific to that discipline available for download from the EA website, the conduct of members of the sport overall is controlled by the Member Protection Policy.

There are also general competition codes of conduct that apply to ALL Interschool competitions. Breaches of these general conduct practices will result in disqualification from the competition and depending on the severity of the offence, the athlete and/or their associates may face disciplinary action.

At an Interschool event, the Organising Committee, the Technical Delegate/s, the Ground Jury and Officials are responsible for ensuring Horse Welfare guidelines and EA Codes of Conduct are observed.

The following EA Codes of Conduct must be observed by all competitors and their parents/guardians, during any activity held or sanctioned by EA – including Interschool events – or as an athlete/participant in any activity held by or under the auspices of the organisation or one of its affiliates:

Codes of Conduct:

- ☐ General and for all EA members
- ☐ For competitors
- ☐ For officials
- ☐ For spectators
- ☐ For coaches
- ☐ For administrators, directors and officers
- ☐ For parents and guardians
- ☐ For the welfare of the horse
- ☐ FEI "Codex" for Dressage Judges

***At time of entry you will be required to confirm you have read and agree to the Codes of Conduct.***

Neither the Organising Committee of any event to which these rules apply nor Equestrian Australia accepts any liability for any accident, damage, injury or illness to horses, athletes, ground, spectators or any other person or property whatsoever.

Volunteers who are not EA members will be required to sign a Waiver/Release and agree to be bound by the Codes of Conduct applicable to Members of Equestrian Australia.

- Teams may coordinate state colours (e.g. ties, brow bands etc.)
- In the event of hot weather, the Organising Committee may permit riders to compete without riding coats.
- Helmets as per Article 122 EA General Regulations must be worn at all times whilst mounted  
[http://www.equestrian.org.au/sites/default/files/Equestrian\\_Australia\\_General\\_Regulations\\_19\\_October\\_2016.pdf](http://www.equestrian.org.au/sites/default/files/Equestrian_Australia_General_Regulations_19_October_2016.pdf)
- Back Protectors are compulsory under EA Eventing Rules.
- Random checks of helmet standards may occur.
- The Organising Committee authorises competitors (only where permitted by the State Team Manager) to carry an emblem or logo of their state team and/or of their personal sponsor on their clothing or saddlecloth. ## RIDER NUMBERS

Numbers (3 digit) will be allocated and it is the rider's responsibility to provide their own number holders/number for the bridle or the saddlecloth and must be displayed on both sides of the horse unless otherwise stated. In Show Horse classes a breastplate number holder may be used. Horses must display numbers at all times when out of stable, this requires the allocated number to be attached to the head collar (one number is sufficient) when horse is led.

Rider back numbers for the cross country phase of Eventing must be worn and will be provided to the respective State Manager. Penalty for not adhering to these rules may be disqualification.

## PROTESTS, REPORTS AND APPEALS

Please refer to the EA General Regulations and the EA Codes of Conduct.

Protests must be submitted by the State Chefs D'Equipe, together with a \$250 application fee to the Event Office within 30 minutes of the publication of class results. The protest will be assessed by the Appeals Committee. Any submissions after this time will not be accepted.

Individual athletes or their parents must NOT approach the Organising Committee, any Official or the Technical Delegate with an objection – they are to work with through their nominated Chefs D'Equipe.

## VETERINARY EXAMINATION AND HORSE IDENTIFICATION

These will be carried out in accordance with the Veterinary Regulations Art. 1031 and the form attached will be used to record the examination and horse details. Extracts of FEI Veterinary Regulations Article 1031. Not all clauses were relevant or included here.

Definitions:

- a) The term '**Veterinary Examination**' is used to denote a clinical examination carried out by a qualified veterinarian to establish the general health status of a horse about to compete. Veterinary Examinations are also used to ensure that competition horses are not ill or injured as a result of international movement.
- b) The term '**Verification of Identity**' refers to the means of checking the identity markings of the horse against its diagram in the passport at a Veterinary Examination or Horse Inspection.

The Veterinary Examination ('Examination upon Arrival') should be carried out as soon as possible after arrival, but in any case before the horse comes into contact with other horses in the event stables. Each competitor is to complete and provide the horse identification and vet check form to the nominated vet for their inspection (form attached).

The object of the Veterinary Examination is to:

- a) Verify the identity of each horse from its paperwork;
- b) Check that the animal has not been in contact with other animals suffering from infectious or contagious disease (e.g. strangles) or has come from an establishment that is not free of such disease (VR Art 1032.2); and
- c) Carry out a clinical examination to ensure that the horse is not suffering from any infectious or contagious disease. This examination may include the palpation of limbs and body, monitoring heart and respiratory rate, body temperature and any other pertinent clinical parameters necessary. The limbs may be palpated or lifted to examine a suspected abnormality. However, an examination for any lameness (i.e. flexion tests or a trot-up) is not part of this examination. A record of the clinical findings must be made which should follow the horse through successive examinations and inspections.

If the veterinarian's opinion is that the horse should not be allowed to be in contact with the other participants or should not take part in the event, the case must be referred to the Ground Jury and the Veterinary Commission/Delegate for a final decision.

Following a Veterinary Examination:

- a) Any horse, which is considered to be a health risk to other horses at the event, must be refused permission to enter the event stables. It may however, be stabled in separate isolation stables pending recovery or

VICTORIA

AUSTRALIA

- until alternative arrangements have been made;
- b) Any horse, which is not considered to be fit to participate in the event, must be reported to the Ground Jury. The Veterinary Commission/Delegate should discuss the case with the Ground Jury which is responsible for making the decision, if necessary, to eliminate the horse before the First Horse Inspection;
  - c) Mares may not compete after their fourth month of pregnancy or with a foal at foot. If it is subsequently confirmed that a mare competed under either of these conditions, she will be disqualified from all events to which these conditions applied and the Person Responsible will be referred to the Secretary General for reference to the Judicial Committee;
  - d) Horses may not compete with a tracheotomy (i.e. a surgical opening through the skin into the trachea) or after aneurectomy has been carried out;
  - e) Tongue straps or guards for horses are not permitted in any FEI competitions; and
  - f) Shock wave therapy (i.e. Extra-Corporal Shockwave, ESWT) and Cryo-therapy are not permitted during competition and for a period of five days prior to the first Horse Inspection. The application of ice is acceptable.

## HORSE IDENTITY DOCUMENTATION

Horses do not require an FEI Passport but MUST have their EA Registration papers in order to compete.

## SAMPLING FOR PROHIBITED SUBSTANCES

Medication control sampling (swabbing) is compulsory at all Australian Interschool Championships. A minimum of three horses or 3% of horses taking part (whichever is the greater) will be sampled.

Competitors should refer to the EA Equine Anti-Doping and Medication Control Rules (<http://www.equestrian.org.au/medication-control>) and discuss any treatment for their horses with their veterinarian.

## APPROVED LABORATORY

An EA/FEI Approved Laboratory will carry out analyses on samples collected at this event

## VETERINARIANS

Upon arrival on the show grounds all veterinarians are requested to announce their presence at the office of the official show veterinarian in the stable area, after having received their official pass at the event office.

## SOUNDNESS

The Judges are required to satisfy themselves regarding soundness of all horses and under EA Sport Rules they have the authority to stop an unsound horse during the competition or from competing.

### SCORING

Scoring Method: According to EA Eventing Rules

- As combined training runs under Eventing rules, riders are placed based on the number of penalties they incur over the 2 phases. This means that the rider with the least penalties when penalties from the dressage and jumping phases are added will be the winner. Dressage penalties are calculated by subtracting the average percentage from 100 and multiplying it by 1.5. The result is always rounded to one decimal point. Jumping penalties are calculated in the normal manner as per Eventing Jumping Rules. 1 penalty per second over time.
- In the case of tied scores for placings in a class the rider with the best dressage score (least penalties) will be the higher placed. If equality still exists, the closest to the optimum time (under the time set) in the jumping element will be the higher placed. If there is still a tie, then the placings will be shared and the subsequent place not awarded. For example, if there is a tie for second place then no third place will be awarded and the points for second and third will be added together and then divided equally between the two tied riders.

### JUMPING CLASSES

#### Phase 1 -One Round Table A (Also called A2) Article 238.2.1

Athletes with equality of penalties for any place are placed in accordance with the time taken to complete the round. In the event of equality of penalties and time for first place, there may be a jump-off over a shortened course over obstacles, which may be increased in height and/or spread in accordance with the provisions of the schedule. Please note- this is only if faults and times are exactly the same so is very rare that this second round jump off is ever run.

#### Phase 2 - Two-Phase Article 274 5.3

This competition comprises two phases run without interruption, each at an identical or different speed, the finishing line for the first phase being identical with the starting line for the second phase.

#### Phase 3 - AM5 Article 238.2.2

This is a competition not against the clock, but in the event of equality of penalties for first place, there will be one jump-off against the clock. Other athletes are placed according to their penalties and time in the first round. All Riders who Jump Clear in the first round will be invited back to complete the second round at a raised height (approx. 5cm).

The first phase is a course of 7 to 9 obstacles with or without combinations (Table A against the clock). The second phase takes place over 4 to 6 obstacles, which may include one combination (Table A against the clock).

Athletes penalized in the first phase are halted by ringing the bell after they have jumped the last obstacle or when the time allowed for the first phase has been exceeded, after crossing the finishing line of the first phase. They must stop after crossing the first finishing line. Placing is according to the penalties and time in the second phase and, if necessary, to the penalties and time in the first phase. Athletes stopped after the first phase may only be placed after athletes who have taken part in both phases. In the event of equality for first place, the tied athletes will be placed equal first.
