

2025 Daylesford Show Horse Event – Parking and Manure Removal

Horse Float Parking

Due to pedestrian traffic around the Hall of Flowers, these are the **parking arrangements** for horse floats. Watch for signage directing you to Basin Road – DO NOT enter into Victoria Park via the main entrance.

Enter through the Horse/Stock Gate on Basin Road and signage will be direct you to the **HORSE PARKING** area as marked below on the **West Side of The Arena**

If you park anywhere else, you will be asked to move. There is ample parking and the entrance to the arena is on the West side of the arena.

Horse Manure Removal

Victoria Park is a shared community space that is used daily by locals exercising and also by locals walking their dogs. Please help us by taking your horse's manure with you. We are sourcing some feed bags that we will give out at the stock gate as you enter the Showgrounds to help you to help us.

~ We look forward to seeing you ~
